

RESEARCH ETHICS GRAND ROUNDS

Updating
regulations for
human subjects
research

The new Common Rule
has arrived!
What changes
are coming?

Thursday
April 20
12 - 1 pm

Brinkhous-Bullitt 219
TraCS Conference Room

Dan
Nelson

Director,
Human Research
Protocol Office,
NHEERL,
EPA

The
“Common Rule”
regulations that govern
human subjects research
have been revised. This
seminar will offer a behind-the-
scenes look at the 6-year
rulemaking process, and review
the major changes that are
coming for IRBs,
investigators, and their
institutions.

sponsored by
the UNC Center for Bioethics
the North Carolina Translational & Clinical Sciences Institute
and the UNC Office of Human Research Ethics
